OBJECTIVE

Looking for my first opportunity in the tech industry after serving in the Air Force, where I can apply my strong problem-solving skills, attention to detail, and passion for software development and UX design.

PROFESSIONAL EXPERIENCE

Emerging Missions Technician

United States Air Force, Robins AFB
July 2023 – Present

- Performing technical tasks related to emerging missions and ensuring operational readiness.
- Collaborating with team members to support mission-critical projects and initiatives.
- Using CLI to write and work with scripts in Linux
- On call system admin including tech support for scenario teams and leaders running simulated environments
- On call system tech for windows admin and user setting support and operational/networking support

Head Porter

Sound Ford, Renton, WA
January 2023 – June 2023

- Valeted customers to and from the location and their vehicles for service.
- Picked up vehicles from the downtown hub for the police and fire department of downtown Seattle and brought the vehicles back to Ford technicians.
- Managed a small team of 5-6 valets, parking and organizing cars in three different areas: the used car lot, the main sales lot, and the service garage/body shop parking lot.
- Stepped down to focus on tasks for joining the AirForce as an active duty member and to support my wife, who was almost ready to give birth.
